

EXPRESSION OF INTEREST (EOI) / PREQUALIFICATION

Reference Number: WS1985026 - Marine Warranty Surveyor
BIDS Categories: 9142
Issue Date: May 26, 2011
Closing Date: June 27, 2011

Overview:

ExxonMobil Canada Properties, a partnership (EMCP), is in the process of pre-qualifying companies who can supply Marine Warranty Surveys and Marine Consultant Services in support of the Hebron Project.

There is no guaranteed minimum amount of work.

Canada-Newfoundland and Labrador Benefits:

EMCP strongly supports providing opportunities to Canadian and, in particular, Newfoundland and Labrador companies and individuals on a commercially competitive basis. Pre-qualified companies will be required to complete a Canada / Newfoundland and Labrador Benefits Questionnaire at the Invitation to Tender (ITT) Stage.

Diversity:

Consistent with our commitments as outlined in our Diversity Plan, EMCP encourages the participation of members of designated groups, and corporations or cooperatives owned by them, in the supply of goods and services.

Scope of Work Overview:

The scope of work/supply includes but is not limited to: ***Marine Warranty Surveys and Marine Consultant Services associated with the marine operations of the Hebron Development Project.*** A detailed Scope of Work is available through BIDS – see contact information below.

The services are required with the intent to meet the terms and conditions of Hebron Construction-All-Risk (CAR) insurance policy, Hebron Installation Job Specifications and Standard Industry practice and regulation.

Where applicable and under instructions from the Hebron Installation Management Team, the successful contractor shall be bound and enabled to report to and receive guidance directly from the CAR insurance policy underwriters.

Vendor Qualifications:

At a minimum, responding vendors are required to demonstrate their Marine Warranty technical capability and prior relevant experience, particularly in the areas of:

- a) GBS floating construction,
- b) Topsides module load-out and transoceanic transportation,
- c) Topsides and GBS float over and mating,
- d) GBS Platform towing and offshore installation.

Responding vendors are also required to demonstrate their management's safety commitment, Safety Management Systems and recent safety performance. Execution of the work will require significant site safety planning and implementation, including Site Safety Plans, Job Safety Analysis (JSA) and use of personal protective equipment (PPE). Planning and site visit teams must be supported by safety professionals.

Submission Requirements:

Vendor submissions in response to this Expression of Interest/Prequalification **must** include the aforementioned reference number as well as the following information:

1. Completed ExxonMobil Canada East SHE and Quality Pre-qualification Questionnaire. (Available through BIDS – see contact information below.)
2. Information demonstrating that vendor can meet minimum technical requirements if minimum technical requirements are detailed above. Otherwise, information demonstrating qualification for the Scope of Work detailed above.
3. Completed Supplier Capability Survey / Technical Questionnaire. (Available through BIDS – see contact information below.)

The data submitted in response to the aforementioned questionnaires will be used to evaluate your company's ability (and those of your preferred sub-contractors / vendors where applicable) to perform these services or provide these materials.

We will evaluate this data and develop a final group of vendors who will be asked to submit formal competitive bids. We reserve the right to make the final determination of which vendors will receive Invitation to Tender (ITT) and which vendor will be awarded the final contract.

Participation in this Expression of Interest/Pre-qualification, including any statements whether oral or written between EMCP and your company shall not create or be deemed to create any binding legal relationship or contract, or be construed to do so between EMCP and your company. All costs associated with the preparation of your response to this expression of interest shall be at your expense.

Finally, it should be clearly understood that this Expression of Interest/Pre-qualification may or may not result in the issuance of an ITT and may or may not result in the award of a contract. Further, it should be clearly understood that if you respond to this Expression of Interest / Pre-qualification and your company is selected to be on the bidders list that your company name and contact information may be posted on public websites. Similarly, if you are selected for award, the same information may also be posted indicating that the work has been awarded to your company.

Detailed responses to the EO/Prequalification should be directed in duplicate (1 original and 1 copy) along with an electronic copy (e.g. CD or memory stick) in a sealed envelope to the following address by closing date:

ExxonMobil Canada Properties, a partnership
Suite 701, Atlantic Place
215 Water Street
St. John's, NL
A1C 6C9

Attention: Ms. Judy Edwards
Procurement Services Advisor

Envelope shall be clearly marked as: EOI WS1985026– Marine Warranty Surveyor

All information to be provided in English.

Responding vendors, if they have not already done so, must register their companies by contacting BIDS at:
