1.0 INTRODUCTION

Hebron is an offshore oil field estimated to produce more than 700 million barrels of recoverable resources. The field was discovered in 1980 and is located offshore Newfoundland and Labrador in the Jeanne d'Arc Basin 350 kilometres southeast of St. John's, the capital of Newfoundland and Labrador. It is approximately 9 kilometres north of the Terra Nova Project, 32 kilometres southeast of the Hibernia Project, and 46 kilometres southwest of the White Rose Project. The water depth at Hebron is approximately 93 metres.

The Hebron co-venturers are ExxonMobil Canada Properties (EMCP), Chevron Canada Limited, Suncor Energy Inc. through the Hebron Petro-Canada Partnership, Equinor Canada Ltd. and Nalcor Energy – Oil and Gas Inc. EMCP is the operator of the Hebron Project.

During May 2011, EMCP, on behalf of the Hebron co-venturers, filed the Hebron Benefits Plan with the Canada-Newfoundland and Labrador Offshore Petroleum Board (C-NLOPB). The Hebron Benefits Plan was conditionally approved on May 31, 2012 and covers the construction and operations phases of the project.

Five key principles of the Benefits Plan include:

- Meeting local benefits commitments while maintaining the highest levels of safety, environmental performance, efficiency and integrity of our operations;
- Selecting contractors and suppliers that will work diligently with us to deliver benefits to the people of the Province;
- Promoting the development of local skills and industry capacity that leaves a lasting legacy for the communities in which we operate and for the Province;
- Delivering execution certainty so that Hebron delivers best-in-class return on investment to stakeholders, including the Province of Newfoundland and Labrador; and
- Working collaboratively with industry, government, academic and training institutions, community and other stakeholder groups for the effective delivery of benefits.

As outlined in section 45 of the Atlantic Accord Acts, specific provisions of the Hebron Benefits Plan include a plan for:

- The employment of Canadians and, in particular, members of the labour force of the Province of Newfoundland and Labrador;
- Consistent with the Canadian Charter of Rights and Freedoms, providing individuals resident in the Province with first consideration for training and employment in the work program for which the Benefits Plan was submitted;
- Providing manufacturers, consultants, contractors and suppliers and service companies in the Province, and other parts of Canada, with full and fair opportunity to participate on a competitive basis in the supply of goods and services used in any proposed work or activity referenced in the Benefits Plan;

- Providing first consideration to services provided from within the Province and to goods manufactured in the Province, where those services and goods are competitive in terms of fair market price, quality and delivery;
- The establishment of an office in the Province where appropriate levels of decision-making are to take place; and
- Expenditures for R&D, including education and training, to be carried out in the Province.

This report summarizes the Hebron Project activities for the period of October 1 to December 31, 2022 in the areas of expenditures, contracting and procurement, employment, research and development, and diversity.

2.0 CANADIAN-NL CONTENT ESTIMATES

The table below details the estimated Canada-NL content of actual expenditures during the quarter.

Q4-2022 Canada-NL Content Estimates			
NL	OC	NC	Total
59%	17%	24%	100%

3.0 EMPLOYMENT

The number of full-time equivalents (FTE) employed on the Hebron Project during Q4-2022 was 1,004 of which 94% were Newfoundland & Labrador residents, 3% were other Canadian and 3% were non-Canadian. Please note the following interpretation notes regarding Hebron employment information:

- The figures in this report may be subject to rounding difference
- FTE represents the total hours worked divided by the average hours worked for a full-time position per quarter
- Previous reports listed 'Number Filled' and included some individuals who worked on the project less than full time. The numbers in this report reflect FTE as defined in the bullet above.

Employment Table 1: Hebron Q4-2022 Residency Summary

Residency Summary	Newfoundland and Labrador	Other Canadian	Non-Canadian	Total FTE
Offshore	504	14	15	533
Onshore	438	18	14	470
Total	943	32	29	1,004
Percentage	94%	3%	3%	

Employment Table 2: Hebron Q4-2022 Total FTE by Gender and Discipline

Discipline	Number of FTE				Total FTE
	Female	%	Male	%	
Administrative and Clerical	39	71%	15	29%	54
Engineers	20	26%	58	74%	79
Manual Workers	13	11%	104	89%	117
Professionals	30	22%	108	78%	138
Sales and Service	4	24%	12	76%	16
Skilled Crafts and Trades	6	2%	300	98%	307
Students	1	5%	17	95%	18
Supervisors, Middle and Senior Managers	21	18%	96	82%	118
Technicians	14	9%	144	91%	158
Total	149	15%	855	85%	1,004

Notes:

- Disciplines are based on the following National Occupational Classification (NOC) Codes:
 - Administrative and Clerical includes: Administrative and senior clerical personnel and clerical personnel
 - Engineers includes: Engineering NOC's within the professionals occupational group
 - Manual Workers includes: other manual workers, semi-skilled manual workers
 - Professionals includes: non-engineering NOC's within the professionals occupational group, partial NOC's of semi-professional and technicians

4.0 CONTRACTING & PROCUREMENT

The table below provides a listing of ExxonMobil’s new service contracts, services contract extensions, material contracts and material contract extensions with a value greater than \$250,000 awarded during the quarter. The table includes a description of the contract, name of the contractor and the contractor’s location at the time of award.

Hebron Contracting Activity Q4-2022			
Description	Contract Type	Contract Awarded to:	Contractor Location (NL, OC, NC)
Work String Operated Stage Cementing Equipment & Services (1 st award)	Materials and Services	Archer BCH Canada	NC
Work String Operated Stage Cementing Equipment & Services (2 nd award)	Materials and Services	TAM International Oil Services	NL
Tracerco Profiler Training	Services	Tracerco	NC
Hebron Production Chemicals	Materials and Services	ChampionX Canada, ULC	NL
High Pressure Production Choke Valves (Sub Contract Award – Aker)	Materials	Score Canada	NL

Purchase Order Analysis

During the fourth quarter of 2022, there were 2,823 Purchase Orders (POs) issued for a total value of \$178,400,719.38. The chart below summarizes the percentage of the total awarded value by location.

5.0 HEBRON PHOTOS:

EMCP employees supported 19 families across six local schools for the holiday season.

EMCP and its employees contributed more than \$147,000 to United Way NL during its 2022 annual campaign.

EMCP employees attended the opening of the updated Johnson Geo Centre Oil and Gas Exhibit and invited students from ESTEEM Women to be among the first to explore the completed exhibit. The exhibit was sponsored by the Hebron Project and EMCP employees provided industry expertise in the development of the exhibit.
