

EXPRESSION OF INTEREST (including Pre-Qualification Requirements)

Supply of Base Slab Hole Openers and Associated Services - Hebron Project

Reference: WS#3178486

BIDS Categories: 0206, 0903

Issue Date: August 19, 2016

Closing Date: September 9, 2016

Overview:

- ExxonMobil Canada Properties, a partnership by its managing partner ExxonMobil Canada Ltd. (ExxonMobil) is in the process of pre-qualifying companies who can supply 610mm x 838mm Base Slab Hole Openers and Associated Services for their onshore and/or offshore Newfoundland and Labrador requirements.
- Contractor shall provide all management, personnel, processes, materials, tools, equipment, applicable certifications and facilities as may be required to ensure all equipment covered by this pending Contract shall be fabricated and supplied to meet all statutory requirements, codes of practice and applicable specifications.
- The intention is to have this scope of work cover the requirements of the Hebron Project. For clarity, the scope of work includes not only the foregoing, but may include at ExxonMobil's discretion, future work related to minor changes to the scope of work described herein, in which ExxonMobil may engage onshore or offshore Newfoundland and Labrador, for oil and gas facilities.
- While not planned, it should be noted that the resulting RFP and contract may require inclusion of and/or extension to other operators in the area, project co-venturers, contractors and/or affiliated companies.
- For work related to the Hebron Project, ExxonMobil supports providing opportunities to Canadian, and, in particular, Newfoundland and Labrador companies and individuals, on a commercially competitive basis. Contractors expressing interest in providing services or materials, if they are selected to bid, will be required to complete a Canada-Newfoundland and Labrador Benefits Questionnaire at the bid stage.
- ExxonMobil encourages the participation of members of designated groups (women; Aboriginal peoples; persons with disabilities; and members of visible minorities) and corporations or cooperatives owned by them, in the supply of goods and services.

Supplier Diversity

Diverse Ownership (Completion of this section is voluntary)

A Diverse supplier is a business that is at least 51 % owned and controlled by a member(s) of one or more of the four designated groups identified in Canadian employment equity legislation:

- Women
- Aboriginal peoples
- Visible Minorities
- Persons with disabilities

Please indicate above which designated group(s) are applicable to your business.

Certification for Diverse Businesses

There are currently national certifying organizations that cover certification for businesses owned by:

- Aboriginal Peoples
- Visible Minorities
- Women

The Projects will continue to look for organizations that can provide certification support to businesses owned by persons with disabilities.

If you indicated that your business is owned by a member of a designated group, are you currently certified as a diverse-owned business? Yes No

Through which certifying organization is your business certified? _____

If you are a NL registered business and are not currently certified, would you be interested in learning more about certification? Yes No

The Hebron Project has a vendor database that is used to identify possible suppliers and contractors to participate in the project. Suppliers and contractors are encouraged to register.

ExxonMobil, as operator of the Hebron Project, will use the database beyond development/construction, into the operations phase of the project. We also see value in expanding use of the database to the Hibernia and Hibernia Southern Extension projects, as well as project co-venturers and co-owners should they request information. The increased visibility to three major projects and other noted industry participants may be of value to your organization as it has the potential to increase future procurement opportunities.

DISCLAIMER: By registering your company in the vendor database, you are consenting to making your information available to the parties noted above in addition to the Hebron Project.

NOTE: Registration in the database does not imply that a supplier or contractor is approved as a qualified supplier, nor does it indicate that a supplier or contractor is included on any tender or bid list for the supply of goods or services for which it has registered.

Scope of Work Overview:

Background

The Hebron Project will employ the use of a gravity based structure (GBS) in the offshore environment of eastern Canada. Steel fiber reinforced concrete was placed in 32 of the 52 well slot conductor casing guides that penetrate the base slab of the GBS to aid in tow-out. These concrete plugs will be drilled out using a 610mm x 838mm hole-opener.

This scope of work includes, but is not limited to, the supply of fit-for-service hole-openers, accessories, personnel, services, and materials to achieve flawless execution of the drilling program in Hebron offshore operations.

Work to be performed will include the provision of the following as described in attached Scope of Work and Minimum Requirements:

- a. Purchased and rental equipment
- b. Materials
- c. Facilities
- d. Logistics
- e. Other services
- f. Contractor will conduct a gap analysis against each requirement in this Scope of Work during the tendering process, periodically during the term of the agreement, and whenever requested by Company.
- g. Associated offshore personnel and onshore preparation, storage, support, miscellaneous equipment and labour required to provide these services.

For a more details reference attached Scope of Work: Hole Opener Scope of Work and Minimum Requirements.

Additionally, the selected contractor will be required to meet all technical and Safety, Health, Environmental, and Security (SHE&S) specifications and safe work practices of ExxonMobil and its affiliates as appropriate.

Technical Requirements:

Outlined in attached Scope of Work and associated attachments.

Submission Requirements

Vendor submissions in response to this Expression of Interest (including pre-qualification) **must** include the afore-mentioned reference number, as well as the following information:

1. Completed ExxonMobil Vendor SSHE pre-qualification questionnaire. (Available through BIDS – see contact information below.)
2. Completed ExxonMobil QA/QC drilling pre-qualification questionnaire. (Available through BIDS-see contact information below.)
3. Information demonstrating qualification for the Scope of Work detailed above.
4. Information demonstrating vendor can meet minimum technical requirements detailed in the attached Scope of Work and Minimum Requirements.
5. Completed technical questionnaire. (Available through BIDS – see contact information below.)
6. Describe your experience operating under and familiarity with, the benefits provisions of the Canada-Newfoundland and Labrador Atlantic Accord Implementation Acts and your experience with any similar regimes in other parts of Canada or internationally. At the RFP/ITT stage, bidders will be required to indicate how they comply with the above.
7. Please acknowledge that responsible management personnel have read, understand and will support requirements to comply with the following where applicable
 - i) Section 45 of the Canada-Newfoundland and Labrador Atlantic Accord Implementation Act
 - iii) The Hebron Benefits Agreement and Hebron Benefits Plan work requirements

The data submitted in response to the aforementioned questionnaires will be used to evaluate your company's ability to perform these services or provide these materials.

It will focus primarily on:

- Past safety performance
- Applicable experiences
- Project execution skills
- Project management skills & integration skills
- Available technologies with proven performance
- Current capability
- System lifecycle support capabilities and proven lifecycle programs
- Work-load
- Personnel qualifications

We will evaluate this data and develop a final group of vendors who will be asked to submit formal competitive bids. We reserve the right to make the final determination of which contractors will receive the Request for Proposals (RFP) or Invitation to Tender (ITT) and which contractor will be awarded the final contract.

This Expression of Interest (including pre-qualification) is not a pre-qualification of contractors for other ExxonMobil work, but is limited to the scope aforementioned. In addition, participation in this Expression of Interest (including pre-qualification), including any statements whether oral or written between ExxonMobil and your company, shall not create or be deemed to create any binding legal relationship or contract, or be construed to do so between ExxonMobil and your company. All costs associated with the preparation of your response to this expression of interest shall be at your expense.

This Expression of Interest (including pre-qualification) may or may not result in the issuance of an RFP/ITT and may or may not result in the award of a contract. If you respond to this Expression of Interest (including pre-qualification) and your company is selected to be on the bidders list, your company name, your designated company representative's name and business contact information may be posted on public websites. Similarly, if you are selected for award, the same information may also be posted, indicating that the work has been awarded to your company.

Responses must be submitted electronically by the closing date to all of the ExxonMobil e-mail addresses noted below:

If the size of the electronic response exceeds 10MB, please request access to our secure file transfer system via the below noted contacts (email address).
